

THANKS TO MY ALMA MATER

First, I thank the Lord almighty for gifting me with such a beautiful school. Thank you Jesus for Everything. Thank You wouldn't describe how much Grateful I am for my school which gave me everything I could ever ask for

*Education at a minimal cost,
Moral Values that I would carry for my entire life,
Life Lessons that would come in aid at times of distress,
Made me stand firm in my Religious Faith,
Etiquette, Ethics and Language that helps me present and explain myself to the world.*

Every Teacher I came across in my school life right from Primary classes upto Higher Secondary has taught me moral values other than Academics that I will carry forward and follow for the upliftment of my being.

PTO

*This place isn't just a school for me it is a heaven
in which I spent 12 years of my life. Every classroom,
Every corridor, Every wall of this school has wonderful memories
that really cannot be forgotten and are being cherished and
will be till eternity. This isn't just building with bricks and
cement it is a heaven filled beautiful memories.*

*This is something little that we can give to this
beautiful place which gave me everything and the reason for
everything I am now. I'm very happy to say that by the Grace
of God, through the education and discipline that I received from
my School St. Joseph I'm selected for MBBS course at
Government Thiruvallur Medical College. I'd really love to
Thank all my Teachers at this special moment of my life.*

With a very sincere and grateful heart from

I. Jecinho Maria a pass out of 2021 batch.

ALWAYS PROUD TO BE A JOSEPHITE
